About Us

The West Oak Hotel is a beautiful two-story building established in 1838, being one of the city's oldest continually licensed venues. The venue can cater for bookings of 10 – 200 people, with a charming plant-filled beer garden, pool room and cafe, downstairs and a fully rejuvenated function room, complete with a private bar and balcony, upstairs.

Each space is personally customisable to suit any event, varying from birthdays and engagement parties, to corporate functions and group dinners. We have a range of quality catering options, and are flexible with seating, tables, and A/V. The West Oak Hotel welcomes parties large or small and would absolutely love to host your next function!

Please feel free to get in touch to arrange a venue walk-through.
