About Us

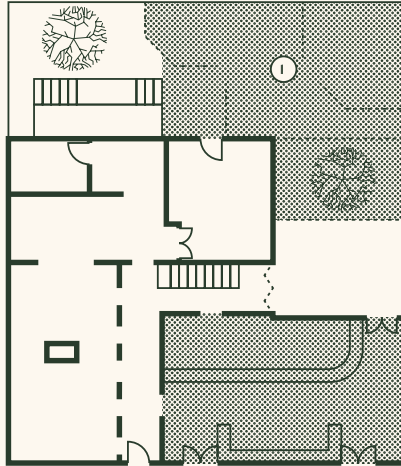

The West Oak Hotel is a beautiful two storey building established in 1838, being one of Adelaide's oldest continually licensed venues. The venue can cater for functions up to 200 people, with a charming plant-filled beer garden downstairs, and a fully rejuvenated function room, and private bar upstairs.

Our spaces are personally customisable to suit any event, including birthdays, engagement parties, and corporate functions. We offer a range of quality catering options, and are flexible with seating, set up, and A/V. The West Oak Hotel welcomes parties large or small and would absolutely love to host your next event.
